## **THE COLLECTIVE LAUNCHES OFFICIAL HARKER WEBSITE**

*Site includes all new art and video from forthcoming original game*

NEWPORT BEACH, CA – December 18, 2006 – The Collective, a division of Foundation 9 Entertainment, announced today that it has launched the official website for its upcoming original game, Harker, at [www.harker-game.com](http://www.harker-game.com). The site contains an all-new gameplay trailer as well as new screenshots and concept art from the game.

Announced in October, Harker is being developed for next generation consoles and is slated for completion in 2008. In the game, players take on the role of a very different Jonathan Harker - hardened and ruthless - who is on a very personal mission to destroy all vampires after his beloved Mina falls prey to Dracula. Gameplay involves a combination of hunting these ferocious killers through tracking and exploration, along with an up-close and personal combat system, brutally-effective in the execution of the vampires; using a variety of weapons and environmental factors.
